# WHO WE ARE

The Joy Bus is a nonprofit organization whose sole purpose is to relieve the daily struggles of homebound cancer patients with a fresh and healthy meal delivered by a friendly face. Our mission is to improve the lives of our clients through good food and company.

Founded in 2011 by award winning chef, Jennifer Caraway, and named in honor of her dear friend Joy, who struggled with the painful and debilitating side effects of ovarian cancer, to which she ultimately succumbed. Her grace, drive and determination inspire us to help those who fight that same battle.

Many cancer patients are left to fend for themselves during this turning point in their lives. The Joy Bus eases that burden by providing healthy meals specified to meet our patron's needs, delivered by volunteers who are often cancer survivors themselves.

## HOW WE HELP

Our healthful meals, delivered weekly, are made with fresh, organic, non-GMO produce, and come in eco-friendly, chemical-free packaging. Tucked into each hand decorated paper bag is an informational sheet on the nutritional power of the ingredients used and how they will support their fight against cancer.

These deliveries are prepared in and funded by proceeds generated by The Joy Bus Diner, located just off the 51 Piestewa Freeway and Shea Boulevard. The home delivery food program has grown from its start as a one-woman operation serving two patients, to now serving more than 75 patients per week throughout the Phoenix Metropolitan Area.

For nearly a decade, The Joy Bus has delivered much more than meals. Our service also includes critical home visits and wellness checks. We offer weekly personal support and nutrition for those dealing with perhaps the most difficult time in their lives, and by so doing, let them know that people love and care for them.
